PRACTICAL CASE STUDIES  
FOR COMPANY DIRECTORS

JULIE GARLAND MCLELLAN

## Dilemmas Dilemmas; Practical Case Studies for Company Directors by Julie Garland McLellan

How do company directors develop their judgement?

This book of real life case studies is designed to give directors exposure to issues and dilemmas that have taxed their peers. Each of the 22 case studies is drawn from experience and three expert practitioners provide insights into solutions to the dilemma.

The case studies cover government, non-profit and commercial boards. The book is global in scope; the companies, protagonists and experts are international and the similarities and differences between different legal jurisdictions enhance the rich learning experience. This is also a lively and exhilarating read. The studies are practical and there is a refreshing lack of jargon or legalistic bombast.

Any director, aspiring or experienced, in any country from Australia to Zimbabwe will enjoy and benefit from this practical book.
